THE BIG REAPING CONTEST
ENDED!

THE CHAMPION VICTORIOUS!

The reaping contest between the Champion and McCormick machines, which was to have taken place on Saturday, the 10th inst., and which was looked forward to by the farmers of Blount County with much interest, did not come off, as will be seen by the report of the judges in another column, for the reason that the McCormick machine did not come to time. The Champion, however, it seems, was on hand and did some fine work. The place selected for the contest was on D. C. Wright's farm, near Rockford. The piece of wheat reaped contained small and large, tangled and straight grain, weeds and stubble. It was a very good place to test a machine.

J. M. Hood & Bro. are the agents at this place for this celebrated machine, and have altogether sold fifty-one this season. Messrs. J. M. Hood & Bro. are among the most enterprising business men in the state, and have by fair dealing, strict attention to business and securing the agency for the latest and best improved machinery and farm implements, built up a trade unequalled by any hardware house in the State, or town of this size. They carry regularly a stock of Hardware, Stoves, Tinware, Agricultural Implements and Farm Machinery that would be a credit to any of our city merchants.

PLAIN TRUTHS

The blood is the foundation of life, it circulates through every part of the body, and unless it is pure and rich, good health is impossible. If disease has entered the system the only sure and quick way to drive it out is to purify and enrich the blood.

These simple facts are well known, and the highest medical authorities agree that nothing but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made blacken the teeth, cause headache, and are otherwise injurious.

Brown's Iron Bitters will thoroughly and quickly assimilate with the blood, purifying and strengthening it, and thus drive disease from every part of the system, and it will not blacken the teeth, cause headache or constipation, and is positively not injurious.

Saved his Child.

17 N. Eutaw St., Baltimore, Md.

Gentle—Upon the recommendation of a friend I tried Brown's Iron Bitters as a tonic and restorative for my daughter, whom I was thoroughly convinced was wasting away with Consumption. Having lost three daughters by the terrible disease, under the care of eminent physicians, I was loath to believe that anything could arrest the progress of the disease, but, to my great surprise, before my daughter had taken one bottle of Brown's Iron Bitters, she began to mend and now is quite restored to former health. A fifth daughter began to show signs of Consumption, and when the physician was consulted he quickly said "You are required," and when informed that the elder sister was taking Brown's Iron Bitters, responded "that is a good tonic, take it."

ADAM FRANK.

Women that have been prostrated by the terrible disease of Consumption, have been completely cured by the use of Brown's Iron Bitters. It is a powerful tonic, and restores the system to its former health. It is a good tonic, take it.

REAPING CONTEST REPORT.

We, the undersigned judges selected in the contest which was to have come off to-day between the Champion and McCormick machines, have the honor to report that the McCormick, for some cause unknown was absent; and that the Champion was on hand and did its work with perfect satisfaction to all; and in our judgment it cannot be excelled either as a reaper or mower. It is easily handled, of light draft, and will cut high or low wheat without any difficulty. Messrs. J. M. Hood & Bro. first tried it as a reaper, afterwards, in a very short space of time, changed it to a mower, and its work in each seem to be perfect.
